

Association for Skilled
and Technical Sciences

February 12, 2020

Special Business Meeting

A special board meeting was convened electronically Wednesday, February 11, 2020. Board members present were Sidney G. Delepine, III Ed.D. (President), Alex Gromada (past-President), and Bill King (Executive Director). The topic of discussion was the continuation of the organization. Members in attendance agreed that the organization cannot continue, the best option is to not renew the charter.

Depending on the cost of closing the organization any monies left in the account will either be returned to the members who paid or donated to SkillsUSA. This decision will be made by Bill King once all obligations are satisfied and remaining funds are accurately tabulated.

This is not an easy decision, but no organization can conduct business without a strong membership and funding to cover expenses.

Sincerely,

Sidney G. Delepine, III Ed.D.
